

DCPS Parents' Society Committee / Parent Representatives

The DCPS Parents' Society Committee

The Parents' Society aims to offer partnership between the school and its parent body. All current DCPS parents are members of the society, which is represented by a committee. The committee meets at least once a term, with a representative of one parent for each year group and one boarding parent. Committee members may vary from meeting to meeting, although it is expected that a representative would not serve for more than one year on the committee. The purpose of the committee is to offer a consultative sounding board for wider school issues; to suggest opportunities for parents to be further integrated into the Dean Close community and to provide information to the School about the parents' experience from all perspectives – day, boarding, international, first year parents. The agenda for the committee is set by the school, through discussion with the parents, and meetings are chaired by a member of the School's senior management team. Committee meetings are hopefully constructive and solutions based rather than being a channel for parent complaint.

The DCPS Parent Year Group Representatives

The Dean Close Parents' Year Group Representatives (reps) were created to provide parents with an opportunity to be in better contact with other parents in their child's own year group. The rep is a parent with a son or daughter in that year and their position is totally voluntary. The network engages parents who would like to meet with other parents and be better informed about the sporting, social and business activities that are open to Dean Close parents. It also tries to provide a useful support service for new parents and will be available to help them navigate school and be a welcoming point of contact.
