CHELTENHAM

A SAFE WAY FOR YOUR
CHILD TO RETURN TO
BOARDING AT DEAN
CLOSE

20th August 2020

This two week programme will enable quarantine if necessary and provide a positive introduction to the academic life and culture at Dean Close School for new starters and a re-introduction to school life in the UK for returning students after an extended period away.

We will prepare students to integrate smoothly in to the new school year. Course content will include English Language sessions, co-curricular activities and familiarisation with how school will be operating under the COVID-19 restrictions and guidelines.

*GENERAL
INFORMATION*

How do I get here?

For our students in China and Hong Kong, Dean Close has secured a block booking of seats, traveling with British Airways on Thursday 20th August HK London Heathrow. Students will be travelling in the safest conditions, seated in a group all returning to Cheltenham. They will be met at London Heathrow by a Dean Close member of staff and will travel directly to the school. For our other overseas students we will arrange transport from the airport, where possible, and encourage you to fly into Heathrow as this will be our main collection point.

How will my child stay safe and well?

On arrival, students will undergo a temperature test and that will continue throughout their stay. Their health will be closely monitored and there will be access to medical care if needed. If quarantine is still a requirement meals will be provided in their boarding houses along with all other programme content.
